

A message from CHARDON LOCAL SCHOOL DISTRICT emailed to all families on May 12, 2021:

Good morning,

Chardon Schools Transportation is now offering parents/guardians a new communication tool to stay informed about your student's school transportation.

Stopfinder is a parent engagement app for school bus route & stop information. Stopfinder will eventually be the primary form of communication between you and the Chardon Schools Transportation Department.

With Stopfinder, you will:

- Know the schedule of your child's bus.
- Receive push notifications related to your child's bus schedule and any changes.
- Notice bus substitutions because they are clearly indicated – reducing misinformation and confusion.
- Track multiple buses, a great feature if your children don't ride the same bus.
- Enjoy two-way communication with the transportation office.
- Provide parents and caregivers with multilingual options in the app.

Following this email you will receive an invitation to download and subscribe to the app. The free app can be downloaded to any iOS or Android enabled device and is available at Apple's App Store and Google Play Store.

After you complete the download, you can view bus route information for your student through the end of the 2020-2021 school year. Bus routes for the upcoming school year, 2021-2022, will be available in the app the week of **August 1, 2021**.

Please see the Stopfinder app FAQs listed on this Transportation webpage.

Contact the district if you have any further questions.

Thank you,

Chardon Schools Transportation
