

Chardon Local Schools

Educational Visioning Sessions

Thank you to everyone that participated in the Educational Visioning Sessions facilitated by Then Design Architecture on February 22 & 26 2020.

Outstanding community discussion and an excellent reset point for the school district as we begin discussions around our long-term facilities needs.

Here is a quick look inside the numbers:

100% - The percentage of those registering for either session that were accepted to participate and received their first choice of session.

112 - The number of participants in Educational Visioning Session I and II.

86% - The percentage of residents participating in the process.

33% - The percentage of school district employees (may also be included as a resident).

16% - The percentage of student participants.

14% - The percentage of non-residents (includes parents and/or employees).
