Free and Reduced Meal

Did you know free & reduced-price meal applications benefit your family and school? Families may qualify for free or reduced-price school breakfast & lunch. A NEW application must be completed for the 2022-2023 school year.

If you have not completed a Free and Reduced application for SY22-23, had a change in income, or had an increase in household size, please take this opportunity to complete an application. To help assure the continuation of benefits, households must complete an online application by October 2nd, 2022.

Free & Reduced Meal Applications are available online at <https://www.chardonschools.org/FoodService.aspx> Families may obtain a paper application from any school office. If able, families are encouraged to complete an online application to help expedite the application approval process.

September is Better Breakfast Month

September is Better Breakfast Month

As the saying goes, "breakfast is the most important meal of the day," and the month of September is Better Breakfast Month, a month-long celebration dedicated to elevating the importance of breakfast. Studies show that students who eat school breakfast are more likely to reach higher levels of achievement in reading and math, score higher on standardized tests, have better concentration and memory, and are more alert. Make the mornings easier & enjoy breakfast at school!
