A NOTE FROM THE PRINCIPAL

Munson families,

Our One School One Book planning is nearly complete! Our secret student books have arrived. We will unveil our book to students on the afternoon of Monday, February 28. The entire school will be reading starting then through March 18. There are 15 chapters this year so one per night for three weeks. Also, we will have a Family One School One Book Literacy night at Munson Elementary on March 8. We are excited for all the fun activities and prizes we have planned for our children during this event!

PTO is having Sweets with Someone specials on Tuesdays. Please remember to park across the street at the church.

Thank you,

Mathew Prezioso

"Franklin"

This little turtle came from a local pond in someone's backyard back in September 2021. Baby turtles are very hard to keep alive because they are hard to feed. Mrs. Stickley has been working on getting this critter to actively feed and hunt.

Baby turtles are illegal to keep as pets unless you have a wildlife permit
(Mrs. Stickley has this permit)

WHY? Turtles (any reptile) can carry salmonella- a disease that can be harmful to children. Salmonella doesn't hurt the turtle but can cause children who touch the animal to have stomach issues like diarrhea, fever and cramping.
